ViewSonic

ViewSonic's new VT2215LED is a professional monitor with full HD 1080p HDTV functionality. The VT2215LED features "edge white" LED technology delivering brilliant image clarity, high contrast with saturated colors while consuming very low power. Versatile connectivity is provided through HDMI® in addition to PC and traditional YPbPr component video and USB. Internal programming is offered for users wanting to set up specific product calibration. Extreme audio includes internal equalizer with SPDIF digital output.

## Experience LED Performance in HDTV

Enjoy a widescreen theater experience and high-definition picture quality with this display's "edge white" LED technology, 16:9 widescreen aspect ratio, true HDTV capability, and wide viewing angles.

## Advanced ClearPicture™ – Clearer, Crisper, Sharper Images

Advanced ClearPicture™ image processing eliminates noise, increases contrast and detail and optimizes color for rich, vibrant images. High-definition images look amazing and even standard television images are unbelievably smooth and sharp.

## Perfect for Hospitality Applications

This monitor is great for small screen installations, hospitality displays or applications requiring automated control. Also ideal for hotels, restaurants, sports bars or retail displays. USB multimedia, hospitality menu and cloning feature.

## Expand Your Options with Plug-and-Play Connectivity

This HDTV provides the ultimate viewing experience with integrated HDTV/QAM TV tuner and plug-and-play, high-end connectivity for HD set-top boxes, DVDs, game consoles and camcorders.

## OptiSync® Technology Now Features HDMI®

Add versatility to your LCD TV with support for HDMI with high-definition content protection (HDCP) and analog (VGA) signals, plus component, composite, and TV/cable input.

## Vivid Graphics, Clear Text, Stunning TV

Ultra-high brightness of 250 nits (typ), contrast ratio of 1000:1, and 1920x1080 optimum PC resolution provide vibrant video and crisp data images on the desktop or in the living room.
